**MEMORANDUM FOR: Deputy Director (Support)**

**SUBJECT : Proposed Revision of the Language Development Program**

1. Attached hereto for your information is a copy of an OTR paper which proposes certain changes in the Language Development Program. The proposed changes are responsive to the recommendations which were made by the Inspector General as a result of his recent survey of Agency training activity, and which were subsequently approved by the DDCI.

2. Copies of the attached paper are being sent to the members of the Committee for Language Development, and proposals presented in the paper will be reviewed by that committee on 10 August 1961. In advance of the meeting each committee member will also receive a copy of a draft which presents the proposed changes in regulation form.

3. If the members of the Committee for Language Development agree at least in principle on the desired future aspects of the language program, it is expected that a final proposed regulation which would establish the new program will be completed in September 1961, or earlier.
